Xtremax

Xtremax is a digital company based in Singapore that creates digital experiences to help our clients build sustainable relationships. Since opening our doors in 2003 in Singapore, we have grown to become a strategic digital partner to government, large organizations and local businesses.

Our commitment to design, technology, strategy and innovation allows us to bring effective and yet innovative web solutions to our clients from large-scale web design projects to interactive web and social media applications.

Since late 2014, we are opening our branch office in Bandung, Indonesia located in the heart of the city. We have some of the brightest minds and talents in the industry joining our team. However, we are rapidly expanding and we're constantly looking for great talents to be part of our team, working on cool projects with an awesome working environment.
