

UPNVJ Receives Visit by MA Fathul Hidayah Lamongan

Monday, 23 December 2019 16:35 WIB

Jakarta Veterans National Development University received a visit from MA Fathul Hidayah Lamongan. Taking place at the 4th floor Auditorium of UPN Veteran Jakarta, Monday (23/12), the arrival of the 11th grade students was welcomed by the Head of Planning and Cooperation Section of UPNVJ Hugeng Budiarto.

Basuki as the representative of MA Fathul Hidayah Lamongan expressed his deepest gratitude for the reception and acceptance given by UPN Veteran Jakarta. "We, as the extended family of MA Fathul Hidayah Lamongan, visited UPN Veteran Jakarta with the aim of finding detailed and *real* information about the study programs on this campus, and also wanted to see first hand the facilities at UPN Veteran Jakarta," he said.

110 students who attended who were representatives of class 11 were accompanied by 10 accompanying teachers. In addition, students are provided with profile information, how to enter and range of UKT at UPN Veteran Jakarta by the

Head of Registration Sub-Division Fajar Nugroho.

"The UPNVJ entry route consists of SNMPTN, namely through the selection of report card grades in SMA starting from semester 1 to 5 and what is important is that these grades tend to be stable and it is better to experience an increase in grades from semester to semester. The second path is through the national written exam route called UTBK and SBMPTN and the last is the UPNVJ independent route, namely SEMA UPNVJ. The UPNVJ SEMA is carried out directly at UPNVJ using the UTBK results. UKT at UPNVJ is very varied and is divided into 8 groups, from UKT 1-UKT 8. The determination of UKT is adjusted according to parents' income." Fajar Nugroho explained.

After receiving the presentation, students were directed to visit several facilities *and* faculties in the UPN Veteran Jakarta environment.
