The Young Doctor's Inauguration and Appointments were held in Gd. Cipto Mangunkusumo Faculty of Medicine UPNVJ Lt. 3 (22/20)

dr. Niniek Hardini as the Head of the Bachelor of Medicine Study Program gave a report regarding the holding of the inauguration of young doctors this time, she also gave her appreciation to all the young doctors who were present, "I congratulate, I hope the knowledge gained at the Bela Negara campus, UPNVJ can be applied well in the future. and passion for the koas." he said

This inauguration activity was opened directly by dr. Prijo as the Dean of the Faculty of Medicine, dr. Prijo also gave remarks and messages to the young doctors who were sworn in, "Today and in the future you will all enter the real world of medicine. You are no longer labeled as an ordinary student, therefore all of your behavior must match *the attitude* of a doctor. Because studying as a doctor, we must maintain personal and behavior. In addition to being a doctor, we must really keep patient secrets. I hope that all of you who are sworn in today can uphold the good name of your alma mater, and can apply the values of defending the country in accordance with the vision and mission of UPN Veteran Jakarta. Always enthusiastic and successful, your efforts will produce good results. he said

Joshua Sebastian, as one of the students with the highest GPA, 3.68, gave an impression of a message during the learning process to the UPNVJ public relations team, "Everything really needs a process, there have been ups and downs that I went through to get to this point, one of the challenges is *remedial* but thankfully in every *remedial* semester it decreases. A message for other friends, I hope you are always enthusiastic and don't like procrastinating assignments, especially theses. he said
