

Anticipating the Spread of the Covid 19 virus, UPNVJ Performs Online Student Presence Data Collection

Sunday, 29 March 2020 16:04 WIB

Pastikan Keberadaan Anda Saat Ini **Tercatat**

Dalam rangka pencegahan penyebaran COVID-19 dilingkungan UPNVJ mohon kesediannya para mahasiswa UPNVJ dapat menginformasikan keberadaan Anda saat ini dengan mengisi form pada link berikut ini.

<https://s.id/posisimhsupnvj>

The Jakarta Veterans National Development University (UPNVJ) is collecting data on the whereabouts of all active UPNVJ students online starting Sunday (29/3/2020).

The data collection of online student presence will be carried out for the next month. Students are encouraged to fill in their personal data and current whereabouts independently via <https://s.id/positionmhsupnvj> .

Data collection on the whereabouts of these students is a form of preventing the spread of COVID-19 within the UPNVJ environment. In addition, the university should know the whereabouts of students who are far away from their parents, so they can monitor their basic needs and their health.

In addition, students are also required to always access the UPNVJ website and UPNVJ social media.
