Langkah pemerintah untuk memberikan asimilasi kepada ribuan narapidana mengejutkan publik, dengan dalih untuk mencegah penyebaran virus corona di dalam lapas. Kebijakan ini seperti buah simalakama bagi pemerintah karena ternyata setelah pembebasan di lakukan para napi asimilasi kembali berulah dan membuat publik resah.

**Bagaimana kebijakan tersebut dari segi hukum? Sudah tepatkah langkah tersebut?**

**HumasUPNVJ-** The government's move to provide assimilation to thousands of prisoners shocked the public, on the pretext of preventing the spread of the corona virus in prisons. This policy is like a simalakama fruit for the government because it turns out that after the release is carried out the assimilation inmates are acting again and making the public uneasy.

On the basis of this unrest and polymex, the Padma Arutala Cabinet BEM of the Law Faculty of UPN Veterans Jakarta invited colleagues to attend a PUBLIC DISCUSSION with the theme "Convict Liberation Polemic. The prisoner is behaving, the people are restless?" which will be held on:
