CONFERENCE & CALL FOR PAPER

HumasUPNVJ - On Saturday and Sunday, 26-27 September 2020 the 2nd International Conference on Health Development at the Faculty of Health Sciences UPN Veterans Jakarta took place with the theme "The Healthcare Sector Evolution in The Industry 4.0 Era " which was held by the Faculty of Public Health Sciences UPN Veteran Jakarta. This activity is carried out online through *zoom meetings* and live *YouTube* . Participants who attended were from 34 provinces consisting of health practitioners, academics, the government sector, and students. The number of participants who attended were 297 participants.

This event aims to increase knowledge about the use of the health system in the era of the industrial revolution 4.0 in fighting COVID 19, strategies that are implemented according to *the new normal* in Indonesia, strengthening the health system that is used by utilizing the industrial revolution 4.0 both in carrying out patient detection, case data collection and treatment given to the patient. The need for strengthening of the health system. In addition to strengthening Health Resources (HR), it is very important to improve the health system which is now using the industrial revolution 4.0. Besides that, this event is an idea and a good thing for efforts to implement a new health system regarding *the new normal* plan and the views of several countries that are also implementing the same policy with the aim of breaking the chain of transmission of COVID-19.

The 2nd International Conference on Health Development Faculty of Health Sciences UPN Veterans Jakarta 2020 was divided into two sessions. The first session was filled by Mw. Prof. JM (Annemiek) Richters from the Department of Public Health and Primary Care, Universiteit van Amsterdam and the second speaker was Assoc. Prof. Dr. Chutima Jalayondeja from Mahidol University Thailand. Assisted by Arga Buntara, SKM, MPH. The second session was started by the first speaker, namely Ns. Wiwin Winarti, M.Epid., MN from the Head of Nursing Department Faculty of Health Science, UPN Veteran Jakarta, the second speaker was Assoc. Prof. Chin Yit Siew from Putra Malaysia University and the last speaker was Desak Nyoman Sithi, S.Kp, MARS, PhD from UPN Veteran Jakarta. Assisted by a moderator, namely Rizki Amalia, SKM., MHS from UPN Veteran Jakarta Public Health Lecturer. This event received a good response and great enthusiasm from the participants because it was useful and became material for evaluating the COVID-19 health system in the industrial era 4.0.
