

# Webinar Series Defending the Country in the Midst of the Covid-19 Pandemic

Wednesday, 13 January 2021 15:30 WIB

**HumasUPNVJ** - The end of the Covid "19 pandemic cannot be seen, so far we are still in fear. But whatever it is, hopefully we can continue to survive to carry out productive activities in the midst of a pandemic situation like this.

It's the same as UPN Veteran Jakarta which continuously organizes Web Seminars (Webinars) which provide insightful information, of course.

In commemoration of the 58th Anniversary, UPNVJ will hold a State Defense Webinar Series with the Topic of Digital forensics for defending the country, Voice recognition for forensic digitization, Intelligently assessing the credibility of social media information sources, Defending the country in cyberspace with speakers who are qualified in their fields each.

The purpose of this Country Defense Webinar Series activity is to discuss State Defense in cyberspace, where in this webinar series we will discuss how to fight hoaxes or radical content, but we also have to spread a lot of good content. Disseminating positive content is an elegant way to counter the propaganda of radical groups as well as other negative content while inspiring others.

This Webinar Series invites several speakers who do have their respective expertise in their fields, including:

- Dr. Inter-Venus, MAComm
- Suwito Pomalingo, S.Kom, M.Kom, MTA, ECSS, CEH, CHFI
- Risnandar, Ph.D
- Prof Muradi
- Dr. Titin Pramiyati, S.Kom, M.Sc
- Jayanta, S.Kom., M.Sc

The State Defense Webinar Series activities are conducted online every Thursday in January 2021.

Export tanggal : Monday, 07 October 2024 Pukul 07:19:25 WIB.
