

## Anter Venus: Thorough Preparation, First Day of UTBK Implementation at UPNVJ Runs Smoothly.

Monday, 12 April 2021 15:19 WIB

**HumasUPNVJ** - As is well known, information from the Higher Education Entrance Writing Institute (LTMPT), the 2021 Computer-Based Writing Test (UTBK) will be held for approximately (two) weeks, starting from today (12/4) to 4 May 2021 later.

The 2021 UTBK implementation at the UTBK center at UPNVJ Jakarta, Monday 12 April 2021 went smoothly without any significant obstacles. Each session at UPNVJ accommodates 1100 participants per day, where each session totals 550 participants and is divided into two locations, Campus I Pondok Labu and Campus II Limo "Cinere Depok". The number of participants who chose UPNVJ as the UTBK center this year was 15,915 participants.

UPNVJ as a state defense campus has implemented quite strict health protocols. Starting from requiring the use of medical masks, checking body temperature, the hand washing area is equipped with the provision of hand sanitizers at every location point at the UPNVJ UTBK center, and has also been supervised by health workers and security officers.

The UPNVJ Public Relations Team, had the opportunity to conduct an interview with the UPNVJ Deputy Chancellor for Academic Affairs, in the interview he explained the preparations that had been prepared for the 2021 UTBK, "We have indeed prepared the best for UTBK participants this year, starting from a fairly strict health protocol to prevent transmission of Covid-19 to all technical affairs and supervision within the UPNVJ environment. In addition to the Covid protocol, we have prepared a *drop zone* area - a parking area for participants and introductions that we have provided on Campus 1 (Pulau Pumpkin) and Campus 2 (Limo). Definitely Venus

The number of participants who chose UPNVJ as the UTBK center this year was 15,915, 550 participants.

As one of the UTBK centers, Anter Venus certainly hopes that the implementation of UTBK in 2021, especially at the UTBK center at UPNVJ, will run smoothly and remain in accordance with the health protocol until the last day.
