

# UPNVJ Students and Rector Build Mutual Trust in FAM 2021 activities

Wednesday, 14 July 2021 19:14 WIB

**HumasUPNVJ** - The Student Executive Board of the Jakarta Veterans National Development University holds a routine event from year to year, namely FAM (Student Aspirations Forum). The event was held on Wednesday 14 July 2021 online because it was still in the midst of the ongoing Covid-19 pandemic. FAM (Student Aspirations Forum) was attended by several representatives from BEM UPNVJ, BEM Faculties, UPNVJ leaders including the Chancellor, Deputy Chancellor for academics, Deputy Chancellor for finance, Vice Chancellor for student affairs and cooperation and the Deans of each Faculty.

The event was opened by remarks from the Chief Executive of FAM, Muhammad Fauzan Alhafizh. In his remarks, Hafizh expressed his gratitude to the organizing committee who had helped and were involved in the process of this event. "Thank you to the organizers who took their time to make this event possible. I also thank the Leaders from UPNVJ who have taken their time to be able to take part in this FAM event," said Hafizh.

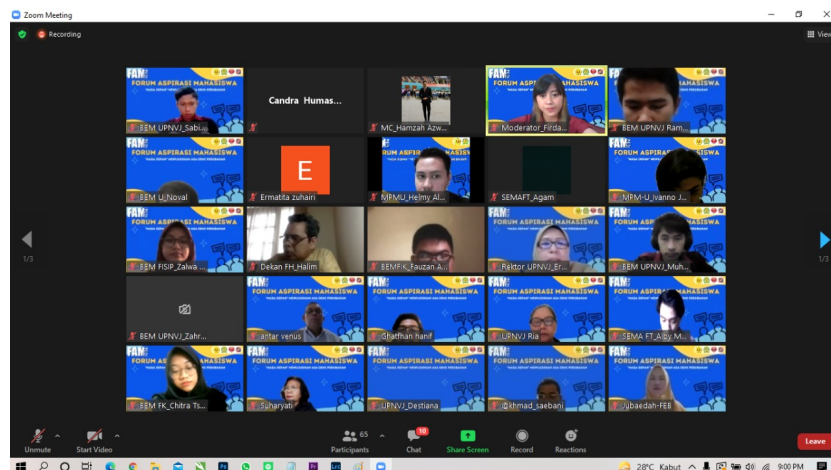

Then the remarks were continued by the Chancellor of UPNVJ, Dr. Erna Hernawati, Ak, CPMA, CA. "Thank you to the chief executive of FAM, his staff, the Deans, and the chairman. Thank God I can see you are in good health ". The Chancellor of UPNVJ also appreciated this activity, because this forum is a means of conveying the voices of students.

He also hopes that students can provide valuable *feedback* and when there are problems can provide appropriate data-based solutions. So that it can be in accordance with the vision that was proclaimed.

In the series of events there was also a question and answer session from students. That is related to the relevance of Komcad, Siakad and *e-learning* displays, UKT reduction features and several other things. Student representatives revealed that there was something that was less relevant and effective in these problems.

The conclusion in this year's FAM activities is that UPNVJ students and leaders hope that they can jointly build more trust so that they can improve the quality of service better and create a superior academic community and become an even better PTN.
