HumasUPNVJ - As a form of love and concern for the Faculty of Economics and Business (FEB) UPN Veteran Jakarta (UPNVJ), a lecturer in Islamic Economics namely Faizi, SE.I., M.Sc., Ph.D made 3 books entitled:

Development of sharia banking products in Indonesia
The new direction of Islamic economics and finance
Ethics and Consumption Norms in Islam

Mr. Faizi said that as a big FEB family, he had to contribute to FEB by making a book for the UPN Veteran Jakarta Faculty of Economics and Business. Pak Faizi's background in writing these works is apart from an academic assignment, namely as a form of respect for FEB. He hopes that these books can be useful for everyone, become a reference for the development of Islamic economics, and can inspire other friends so that FEB UPN Veteran Jakarta can be better known by all levels of society, especially the FEB Sharia Economics Study Program.

What prompted Mr. Faizi to donate these books to FEB was because literacy regarding sharia economics was still low, therefore he wanted to add additional literacy for students, lecturers and the general public. He also plans to donate his work to the UPN Veteran Jakarta library. Hopefully the results of this work can inspire other lecturers to be able to do the same thing to publish their works such as books, articles, journals.
