"We came with the aim of wanting to work together to improve the quality of UBB because we already know that

together with UPNVJ there are many improvements that we must learn and follow, so we need to learn a lot from UPNVJ," said Dr. Ibrahim, M.Si UBB Rector in his speech

"We also see that this year's UPNVJ has the status of a Public Service Agency (BLU) even though it is also counted as a new State University (PTN). In this case, Dr. Erna Hernawati in her warm welcome also said that she would give maximum support for mutual progress and development.

"We are also here studying together, because indeed there are so many preparations and other additions related to several targets from the Ministry of Education and Culture," said Dr. Erna.

"Together with fellow state universities is felt so we both help each other for better improvement. We are very open to colleagues in preparing UBB to have BLU status later," concluded the Chancellor.
