

Unify MBKM Policy Perceptions with Didi Rustam Head of Administrative Subdivision of the Secretary of the Directorate General of Higher Education

Tuesday, 21 December 2021 16:58 WIB

Satria Yudhia W., SE, MS. Ak when delivering the UPNVJ MBKM report before the Chancellor and the MBKM team, at Avenzel Hotel Cibubur, on Tuesday (21/12/21)

HumasUPNVJ - As a step to unify the perception of the implementation strategy for the Merdeka Learning Campus Merdeka (MBKM) program, the UPNVJ Learning Development and Quality Assurance Institute (LP3M) in the series of

activities for preparing the MBKM report UPNVJ invited Didi Rustam Head of Administrative Subdivision of Secretary General of Higher Education to discuss MBKM program policies .

After compiling the MBKM pocket book, LP3M conducted online and offline discussions to provide an understanding regarding implementation and policies to the UPNVJ MBKM team. The offline activity was carried out at the Avenzel Hotel, Cibubur, on Tuesday (21/12/21).

In this case, Satria Yudhia W., SE, MS. Ak The head of the MBKM team who is also the Head of LP3M UPNVJ reported the number of students who had implemented the MBKM program. Based on the data obtained, there are 9 MBKM programs that have been carried out by 1,563 active students.

It was conveyed that the highest data was on the number of students participating in the MBKM student exchange program, totaling 347 people, followed by students participating in apprenticeship programs or work practices totaling 276 people, followed by the number of students participating in project programs in villages, totaling 290 people.

Satria also conveyed that the number of students who took part in the humanitarian project program totaled 228 people, then students who carried out the entrepreneurial program totaled 140 people, followed by the school teaching program which was attended by 120 students.

In addition, there is a research or research program which is attended by 61 students, and 60 students who take part in the independent project program, and 14 students take part in the Reserve Component latsarmil program (KOMCAD).

In this case the Chancellor of UPNVJ Dr. Erna Hernawati, Ak, CPMA, CA, CGOP said this was a step forward for LP3M at the end of 2021, the chancellor said that LP3M had taken strategic steps regarding the MBKM program.

UPNVJ Chancellor Dr. Erna Hernawati, Ak, CPMA, CA, CGOP while delivering her remarks online

"Hopefully it can be a guideline for other sections with a fairly good initial planning. Don't forget to remain consistent in its implementation, evaluate it periodically so that there is plenty of time to improve," said Erna.

"The MBKM target is in KPI, don't forget that the target we have to achieve is also switching to Public Service Agency (BLU) status where the IKU achievement is 30%. This really needs a lot of discussion with sources. If we already understand the formula, it can be predicted from 2022 later," he said.

Erna also hopes that all teams can understand the correct formula to achieve the MBKM target of 30%. "Target achievement must be planned so that everything can be controlled properly. I also hope that in accordance with the curriculum, students in semesters 5 and 6 must be distributed to carry out the MBKM program," he added.

On the occasion, Didi Rustam held a discussion on the MBKM policy and discussed some of the obstacles faced by UPNVJ in carrying out the MBKM program.

"The independent campus has a philosophy like swimming in the high seas, so we have to prepare the students to be ready before they dive into the high seas.

This is related to higher education goals which have noble goals that have been prepared in the regulations so that our students are ready after they graduate not only from a diploma but also from competence and recognition such as certificates for various things they do," explained Didi.

Didi also discussed campus management based on student needs which adjusted the available MBKM program "I believe UPNVJ must have identified what kind of preparation model for an independent campus has been implemented in accordance with the report submitted" he explained.
