

Deputy Chancellor for General Affairs and Finance Socializes 2022 Input Cost Standards

Friday, 04 February 2022 14:50 WIB

HumasUPNVJ – Entering 2022, UPN Veteran Jakarta which has officially the status of a Public Service Agency State University (PTN-BLU) is making adjustments to the 2022 Input Cost Standards (SBM). The SBM that has been designed in such a way is then socialized on Friday, 4 February 2022 online Zoom Meeting by presenting the Deputy Chancellor for General Affairs and Finance, Dr. Prasetyo Hadi, SE., MM., CFMP who presented the results of the 2022 SBM draft.

In the 2022 SBM there are several additions in line with the increase in work programs carried out by UPN Veterans Jakarta this year. Some things also require special policies that can be discussed and designed after socialization activities.

Prasetyo emphasized that SBM problems in the previous year had to be addressed, especially those that had occurred several times. Through this socialization activity, solutions to existing problems are also obtained. Prior to the ratification, of course, the 2022 SBM needs to be studied further.
