Monday, 20 March 2023 13:13 WIB

HumasUPNVJ - One of the programs in the State Savings Bank (BTN) Persero Tbk is the Operational Development Program (PPO). This program is intended for institutions that facilitate operational needs in the form of goods (such as vehicles, office equipment, etc.) or operational funds in order to support the smooth operation of institutions with certain requirements agreed upon by the Bank & Customer. The PPO between BTN and UPNVJ this time was the provision of one unit of operational service vehicle.

Slamet Purwadi as *Deputy Regional Manager Business* BTN said that it is hoped that the provision of operational needs to UPNVJ can be utilized according to their needs.

Also present was the Chancellor of UPNVJ, Anter Venus, on this occasion Venus explained the use of operational needs provided by BTN to be used for operational needs.

This activity was also attended by the Deputy Chancellors, the Head of the UPNVJ General Affairs and Finance Bureau, the BTN *Regional Commercial Funding Manager* and their staff, which took place in the UPNVJ Nusantara Meeting Room 1. (20/3).

Apart from giving appreciation to UPNVJ, this activity also discussed potential cooperation plans between the two parties. Among them is funding for the construction of several facilities at the UPNVJ Limo campus, Depok. The collaboration discussed included the expansion of the health unit that is currently owned, the establishment of sports facilities for all academics and the construction of student dormitories whose existence students have been eagerly anticipating. It is hoped that the cooperation between the two parties can be realized soon.
