

"Swara Ajeng" Becomes Concern for the Green Theater Lima One on Women's Issues

Tuesday, 22 August 2023 13:31 WIB

HumasUPNVJ - Five One Green Theater UKM "Veteran" National Development University Jakarta has staged its 62nd production entitled "Swara Ajeng."

This performance raised the theme of injustice for women which was adapted from two of Pramoedya Ananta Toer's works, namely "Beach Girls" and "Women in the Grasp of the Military" which were held in a festive manner at the FEB Chocolate Tiles UPN Veteran Jakarta on Saturday, 19 August 2023.

The 62nd production is part of a series with the Permanent Member Inauguration (PAT) program, namely the Staging of Candidates for Permanent Members. The production of this performance can be a forum for potential permanent members of the Green Theater Lima Satu to create professional and creative characters in the field of theatrical arts.

Green Theater Lima Satu has invited 14 UKM & KSM as well as dozens of other personal invitations. This performance was also attended by the Chancellor of UPN Veterans Jakarta Dr. Anter Venus, MA.Comm and wife.

The performance raises women's issues that often occur in society. With the increasing number of violence and harassment against women, this performance is a form of Green Theater Lima One's concern in voicing these issues.

Green Theater Five One cannot work alone in voicing these issues. It is hoped that there will be an active role from all elements of society so that they can work together in voicing, stopping, and supporting victims of violence and harassment out there.
