

FEB UPNVJ Holds Second Beauty Class Workshop in 2023

Sunday, 26 November 2023 11:28 WIB

Public Relations UPNVJ - Faculty of Economics and Business UPN "Veteran" Jakarta together with Wardah & Khaf successfully held a "Professional Class Beauty Workshop" in the BEJ Hall, FEB UPNVJ on Tuesday, November 21 2023. The activity was attended by students from the Banking and Finance Diploma Program Three FEB class of 2022.

This activity is one of the applications of the Customer Service Practice course, where in practice, appearance is one of the keys to customer service.

This was conveyed directly by Mrs. Kery Utami, SE, M.Si as Coordinator of the Banking and Finance Study Program for the Diploma Three Program.

"It is hoped that by holding this Beauty Class Workshop activity, students will be more aware in preparing themselves for the world of work, especially next year when students will enter their internship period," he said.

"Apart from that, appearance is also an important aspect of work, especially to give a good and attractive impression in customer service," continued Kery.

This is the second time FEB has held a Beauty Class Workshop activity, after a similar activity was held on January 29 2023. This activity is proof that the Beauty Class Workshop received very good enthusiasm and response from students.

The workshop was divided into two sessions, namely the first session for female students and followed by the second session among students.

Before the event closed, the resource person and the Wardah & Khaf team gave prizes to participants in the "Best Make Up" category. After that, the event continued with the handing over of certificates to the resource persons which were handed over directly by Mrs. Kery Utami, SE, M.Si, and then closed with a group photo session.
