

JSN'45 Inheritance Training is Over, UPNVJ Lecturers are Expected to Be Able to Become Training of Trainers in the Campus Environment

Friday, 19 January 2024 15:33 WIB

Public Relations UPNVJ - Can't believe it has been five days (January 15 2024 - January 19 2024) that lecturers at UPN "Veteran" Jakarta received training and outreach to improve the Inheritance of the Spirit, Spirit and Values of 1945.

Anter Venus, Chancellor of UPNVJ said that this activity is an important activity as a reminder that the independence of the Indonesian nation is closely related to the history of the nation, "This event is very important considering that the Independence of the Indonesian nation cannot be separated from the History of the Indonesian Nation so it is necessary to form a cadre of JSN 45 heirs from various elements of society to be able to jointly pass on the values of JSN 45 to the younger generation. "That education does not just provide science and technology lessons but also needs to provide lessons that can strengthen the soul, spirit and national values, national and state unity through the socialization of JSN 45," said Venus in her speech.

Luckily, UPNVJ as a state defense campus can collaborate with the Indonesian Veterans Legion in organizing this training. It is none other than the aim of this activity to increase the legacy of JSN 45 to UPNVJ lecturers so that they can later become *Training Of Trainers* in the campus environment in particular and society in general.

"UPNVJ will include JSN'45 (Soul, Spirit, Values 1945) material in one of the courses," explained Venus.

Representing the General Chair of the LVRI Central Leadership Council, Vice Marshal TNI. Ret. Wresniwiro in his speech expressed his gratitude and pride in the collaboration between UPNVJ and LVRI, so that lecturers within UPNVJ are able to have the qualifications to become JSN'45 facilitators for students, education staff and the general public in the future.

The opening of the training started on Monday 15 January which was opened directly by the General Chairperson of the LVRI DPP. The total number of participants was 30 participants, including: 12 General Compulsory Course Lecturers, 2 National Defense Centers, 4 Law Faculty, 2 Economics and Business Faculty, 3 Health Sciences Faculty, 3 Computer Science Faculty and 3 Social Sciences Faculty. Political Science 3 people. Activities are carried out 5 days, 7 hours / day = 35 HOURS for theory and practice. (*sa/PRUPNVJ)
