

IIETE 2024 Visitors Flood UPNVJ Booth

Saturday, 24 February 2024 17:37 WIB

Public Relations UPNVJ - Public enthusiasm for the Jakarta "Veteran" National Development University (UPNVJ) seemed to be booming at the 2024 Indonesia Education & Training Expo (IIETE). This was seen from the tens to hundreds of visitors who came to the UPNVJ booth.

This year, IIETE will be held at the Jakarta Convention Center on 22-25 February 2024.

"Thank God, on the second day more and more people visited, plus the guests were mostly parents who were looking for the best university for their children," said Head of UPT Public Relations Dr Witanti Prihatiningsih at the event location on Friday (23/2/2024).

"Hopefully the information we convey can be understood by the whole community," he continued.

One of the visitors, Adryel Wongso from SMA Efata Serpong, South Tangerang, was optimistic that he would qualify for the UPNVJ Physiotherapy Bachelor's major.

"I've been interested in UPNVJ since the beginning. UPNVJ opened a Bachelor of Physiotherapy. I'm sure 75 percent can pass. Hopefully my prayers will be answered," hoped Adel.

IIETE is an educational exhibition attended by various universities in Indonesia. UPNVJ is a regular participant in this annual agenda.

So far, UPNVJ has quite a lot of enthusiasts, including in the fields of science and technology as well as social and humanities.
