HumasUPNVJ â€“ Reporting from the irwns.polban.ac.id page in 2018 the Bandung State Polytechnic held the 9th (nine) Industrial Research Workshop and National Seminar (IRWNS). IRWNS is a meeting forum for researchers who have the same goal of disseminating research results in the field of applied science which is conducted every year. Through this forum researchers from academia (lecturers and students), practitioners in industry and government have the opportunity to exchange information, knowledge and research experience. The theme of the ninth Industrial Research Workshop and National Seminar (IRWNS) is "The Role of Research and Innovation in the Industrial Age 4.0 in Realizing Sustainable Development Towards National Independence".

The Bandung State Polytechnic invites Lecturers and Students at the "Veteran" Jakarta National Development University (UPNVJ) to participate as speakers and/or participants in the 2018 9th Industrial Research Workshop and National Seminar (IRWNS) activities, which will be held at **the Postgraduate Building Lt. 4 and 5, Bandung State Polytechnic, Jl. Gegerkalong Hilir, Ds. Ciwaruga Bandung** with a **seminar schedule on Wednesday, 25 July 2018 and a workshop on Thursday, 26 July 2018**.
