HumasUPNVJ - Good news for students, lecturers, education staff, and the community around the UPN "Veteran" Jakarta (UPNVJ) campus who are Gojek users! This discount voucher will be valid for several main Gojek services, namely GoRide and GoCar transportation services

Over the next year, Gojek is providing vouchers in the form of discounts worth 50% off, up to IDR 10,000 for GoCar and up to IDR 5,000 for GoRide with a total *campaign* period until October 2025. This discount will be applied directly to the total cost.

How to get this voucher is also easy. Gojek users only need to enter the code or claim the special **GOJEKINUPN** voucher first when ordering services on the Gojek application.

Vouchers are valid for one month after *enrollment*. After one month, users are required to *re-enroll* every month. For example, if you claim a voucher on November 14, 2024, you must claim the voucher again on December 14, 2024 to continue to enjoy the voucher.

Based on information from Gojek, this voucher is only valid for GoCar & GoRide round-trip transactions from/to UPNVJ Fatmawati & Limo campuses without any minimum transaction.

Please note for users, this voucher can only be used for travel with non-cash payments such as Gopay. So make sure your Gopay balance is sufficient before enjoying this voucher!

The voucher program was enthusiastically welcomed by UPNVJ students. "This discount from Gojek is very helpful, especially for those of us who often take GoRide to campus. In addition to saving money, we can also be more comfortable and get to our destinations faster," said one UPNVJ student.

With this discount voucher program, it is hoped that the collaboration between UPNVJ and Gojek will continue in providing the best service for the academic community and the surrounding community as well as supporting productive and efficient academic activities.
