

28 UPNVJ Study Programs Receive Excellent Accreditation and International Accreditation

Wednesday, 15 January 2025 15:59 WIB

HumasUPNVJ - Campus and study program accreditation is one of the main attractions for prospective new students. This is also related to several agencies that require accreditation status to ensure that the applicant's college and study program have been accredited when graduating and the diploma is issued.

The National Veteran Development University of Jakarta (UPNVJ) has 14 accreditations that have been given the Excellent predicate, including the Bachelor of Management, Bachelor of Accounting, Bachelor of Sharia Economics, Bachelor of Medicine, Bachelor of Professional Doctor Education, Bachelor of Industrial Engineering, Bachelor of Marine Engineering, Bachelor of Mechanical Engineering, Bachelor of Nutrition, Bachelor of Public Health and D3 Banking and Finance, D3 Accounting, D3 Nursing and D3 Physiotherapy.

Overall, a total of 35 percent of all study programs at UPNVJ have been accredited with the Excellent predicate.

International Accreditation

In addition to accreditation from the National Accreditation Board for Higher Education (BAN PT) or the Independent Accreditation Institute for Health Higher Education (LAMPT-Kes), UPNVJ also has 14 study programs that have received international accreditation from the Foundation for International Business Administration Accreditation (FIBAA) and the Accreditation Agency for Engineering, Informatics, Natural Sciences and Mathematics Studies (ASIIN).

A total of 14 UPNVJ study programs that have been internationally accredited include S1 Management, S1 Accounting, S1 Sharia Economics, S1 Development Economics, S1 Law, S1 Communication Science, S1 International Relations, S1 Information Systems, S1 Political Science, S1 Informatics, S1 Nutrition, S1 Public Health, S1 Nursing and Nursing Profession.

"Accreditation will continue to be improved. That has become our joint commitment. Specifically, study programs that are still in the process of operational permits will be our priority to be accelerated," said UPNVJ Rector Anter Venus.

"Although everything does take time, we will maximize everything," he concluded.
