This exhibition has been held regularly every year since 1993, and is now entering its 33rd year.

In 2025, IETE will raise the theme "Shaping The Future of Indonesian Generation" and present more than 65 participants consisting of PTN, favorite PTS from Indonesia and abroad, as well as course institutions, digital education and education support industries.

IETE also has strategic value, because it provides information to prospective students, especially high school/vocational school/Islamic high school students, regarding higher education products.

On the first day of implementation, the National Development University "Veteran" Jakarta (UPNVJ) received extraordinary enthusiasm from exhibition visitors who were students and teachers from SMA/SMK/MA throughout Jabodetabek.

The UPNVJ stand was crowded with students who wanted to know more about the study programs and admission paths available at UPNVJ.

"From morning to evening, thank God, our stand was quite crowded with students, the majority of questions were about how to enter UPNVJ and what study programs are available. Not only the information that we provide, we also urge you to follow UPNVJ's social media to find out the latest information about UPNVJ. I hope everyone can get the clearest information possible," said Dr. Witanti, Head of Public Relations of UPNVJ.

For the next 3 (three) days, UPNVJ will still be present at JCC. For those of you who want to attend JCC and visit the UPNVJ stand, you can buy tickets via <https://bagi.to/TiketIETE2025> and to book program tickets (limited seats) via <https://bagi.to/ProgramIETE2025>
