

Dedication to Digital Transformation, UPNVJ Receives Award

Saturday, 22 February 2025 12:40 WIB

Public Relations of UPNVJ – As a form of appreciation for the trust and collaboration that has been established, the Chancellor of UPN "Veteran" Jakarta (UPNVJ) was invited to the Multimatics Customer Appreciation Day 2025 event. This event was held to celebrate joint achievements while strengthening the value of the strategic partnership that has been built.

Held at JHL Solitaire Gading Serpong, the event brought together industry leaders from various sectors to foster meaningful relationships and recognize those who play a role in driving the advancement of digital transformation. A total of 50 participants consisting of Presidents, Directors, Managers, Chairmen, Rectors, and Vice Rectors from various industries, companies, schools, and universities attended the event.

On this occasion, Multimatics gave awards to five selected education partners from a total of 150 institutions that have collaborated. UPNVJ is one of the five institutions that received this prestigious award. The other four partners who also received awards were Bunda Mulia School, Universitas Prima Indonesia, Universitas Internasional Batam, and ITB Stikom Bali.

Prof. Dr. Anter Venus, MA., Comm as the Chancellor expressed his gratitude and pride for this award. "We greatly appreciate the award given by Multimatics. This is the result of the hard work of the entire academic community of UPN "Veteran" Jakarta in developing innovation and digital transformation in the world of education," he said.

He also emphasized the importance of collaboration in facing challenges in the digital era. "Collaboration with Multimatics provides a great opportunity for us to continue to develop and improve the quality of technology-based education. We hope that this partnership can continue and provide wider benefits for the world of education in Indonesia," he added.

This award is a real proof of UPNVJ's commitment in supporting the development and implementation of digital transformation in the world of education. In the future, it is hoped that the cooperation between UPNVJ and Multimatics will be even closer in order to create innovation and progress in the fields of technology and education in Indonesia.
